

WHAT IS A MANDATE?

What is a Mandate?

The distribution of Priceless Information
that has the potential to revolutionarily evolve
consciously and/or semi-consciously and/or unconsciously aware
Homo Sapien systems of energy in flow
into Omneronauts,
Priceless Information that has the potential to
simultaneously Evolve
the Universe of Energy in Flow,
the Unus Mundus,
the Force,
the Fountain of Youth,
god,
into Omneronautic Homo Sapien Flow,
becomes a Mandate
when
ALL Priceless Information has finally been acquired.

Theory of Omniphysics,
Information from Subliminet,
Quest To Inaugurate Spaceways Unlimited,
William Felt The Clandestine's Petition to Establish
Eternal Homo Sapien and Robotic Harmony,
Paranormal Synchronicity Chains #2, #3 and #4,
Guidebook for Meditixation technique within Spaceways Unlimited,
and all other Information from Subliminet
documented within more than several other contexts
leading up to the development of the aforementioned presentations,
documented over the past 10 years or so now,
collectively contain nothing but Priceless Information,
but far more significantly,
collectively contain ENOUGH Priceless Information,
a CRITICAL QUANTITATIVE and QUALITATIVE LIMIT of Information,
so that
a Mandate has now been attained.

If information is Priceless Information,
distribution of Priceless Information
inherently becomes a Mandate.

Must a Mandate be divinely endowed?
No.

Mastery and Control of Fire

was not divinely endowed
but immediately became information Mandated for distribution
to ensure the survival of individuals, families, and developing groups.

The sculpting of stones into arrowheads
was not divinely endowed
but immediately became information Mandated for distribution
to ensure the survival of individuals, families, developing groups.

The development of language skills
was not divinely endowed
but immediately became information Mandated for distribution
to ensure the proliferation of developing cultures.

Invention of the wheel
was not divinely endowed
but immediately became information Mandated for distribution
to ensure the survival of developing cultures.

Introduction of agriculture
was not divinely endowed
but immediately became information Mandated for distribution
to ensure the survival of developing cultures.

The acts of writing and reading
was not divinely endowed
but immediately became information Mandated for distribution
to ensure the proliferation of developing civilizations.

The invention of the printing press
was not divinely endowed
but immediately became information Mandated for distribution
to ensure the proliferation of established civilizations.

The internet
was not divinely endowed
but immediately became information Mandated for distribution
to ensure the flourishing of long established civilizations.

The inventions of locomotives and automobiles and aircraft
were not divinely endowed
but immediately became information Mandated for distribution
to ensure the flourishing of established civilizations.

The discovery of Penicillin

was not divinely endowed
but immediately became information Mandated for distribution
to prolong the survival of Homo Sapiens.

The invention of mechanical refrigeration systems
was not divinely endowed
but immediately became information Mandated for distribution
to ensure the comfort and health of flourishing established civilizations.

$E = m c^2$
was not divinely endowed
but immediately became information Mandated for distribution
to ensure Mastery and Control of the Universe of Energy in Flow.

Mastery and Control of the Meditixation technique
while within Spaceways Unlimited
was not divinely endowed
but immediately became information Mandated for distribution
to ensure Mastery and Control of the Universe of Energy in Flow
in ways never before imagined possible.

Mastery and Control of the Meditixation technique
within Spaceways Unlimited
was not divinely endowed
because

the Universe of Energy in Flow,
the Unus Mundus,
the Force,
the Fountain of Youth,
god,
IS NOT DIVINE,
NOT divine because
god,

the Fountain of Youth,
the Force,
the Unus Mundus,
the Universe of Energy in Flow,
is NOT OMNIBENEVOLENT.

The Universe of Energy in Flow,
the Unus Mundus,
the Force,
the Fountain of Youth,
god,

Unconsciously Dreams
OMNIUNIQUELY.
god,

the Fountain of Youth,
the Force,
the Unus Mundus,
the Universe of Energy in Flow,
Unconsciously Dreams
OMNISPECIOUSLY,
OMNIPRESENTLY,
OMNIUNIQUELY,
simultaneously,
each and every instant instantly occurring NOW.
Unconsciously Dreamed Dreams which are
Unconsciously Dreamed into
the manifestation of
unique occurrences,
unique contexts,
uniquely contextualized contexts,
uniquely contextualizing contexts,
no matter where,
always Dreamed Now,
constantly and continuously Now,
Unconsciously, Unknowingly, Uncontrollably Now,
but **NOT** Unawarely.

And it is for this reason and this reason alone
that it can be logically concluded that
HOPE IS NOT AN OPTION.
Mastery and Control is the **ONLY** option.

Theory of Omniphysics is Priceless Information
and is now Mandated for distribution to
as many Homo Sapiens as possible.

Information from Subliminet is Priceless Information
and is now Mandated for distribution to
as many Homo Sapiens as possible.

Omneronautics is Priceless Information
and is now Mandated for availability to
as many Homo Sapiens as possible.

Spaceways Unlimited is a Priceless environment
that is now Mandated for availability to
as many Homo Sapiens as possible.

The Meditixation technique is a Priceless enactment

that is now Mandated for availability to
as many Homo Sapiens as possible.

Transformation and Transcendence are Priceless experiences
and are now Mandated for availability to
as many Homo Sapiens as possible.

The potential to
Master and Control systems of energy in flow
in ways never before imagined possible
is a Priceless skill
and is now Mandated for availability to
as many Homo Sapiens as possible.

The potential discovery and potential acquisition of
Superpowers
is a Priceless capability
and is now Mandated for availability to
as many Homo Sapiens as possible.

Metaphysical Unification with
the Omnipresent, metaphysically manifested
Unconscious Awareness of
the Universe of Energy in Flow,
the Unus Mundus,
the Force,
the Fountain of Youth,
god,
in ways never before imagined possible,
is a Priceless experience
and is now Mandated for availability to
as many Homo Sapiens as possible.

Mastery and Control of
Unconsciously Dreamed Dreams
Unconsciously Dreamed by
god,
the Fountain of Youth,
the Force,
the Unus Mundus,
the Universe of Energy in Flow,
is a Priceless skill
and is now Mandated for availability to
as many Homo Sapiens as possible.

Paranormal capabilities are a Priceless skill

and are now Mandated for availability to,
to either scrutinize, or possibly to even acquire,
as many Homo Sapiens as possible.

Information that strives for Eternal Harmony
in anticipation of the unavoidable development of
automated machinery and Robots
into Homo Sapien society
is Priceless Information
and is now Mandated for distribution to
as many Homo Sapiens as possible.

Information that seeks to provide for Homo Sapiens
that have been or will eventually be replaced by Robots
is Priceless Information
that is now Mandated for distribution to
as many Homo Sapiens as possible.

Information that seeks to protect
the inalienable Civil Rights of Homo Sapiens
that have been or will eventually be replaced by Robots
is Priceless Information
that is now Mandated for distribution to
as many Homo Sapiens as possible.

Information that is worthy of
Ig Nobel Prize consideration
and Nobel Prize consideration
and Nobel Peace Prize consideration
and Pulitzer Prize consideration
and cash awards and prizes for providing scientific evidence of
the actual occurrence of Paranormal events
and the actual implementation of Paranormal capabilities
is Priceless Information
that is now Mandated for distribution to
as many Homo Sapiens as possible.

Not Mandated, however, by
the MIPITW,
or by
god,
the Fountain of Youth,
the Force,

the Unus Mundus,
the Universe of Energy in Flow,

but Mandated, rather, by
the fulfillment of evolutionary progress,
the fulfillment of
the Evolution of AWARENESS,
the fulfillment of the Evolution of
fundamental UNCONSCIOUS Awareness,
the fulfillment of the Evolution of
fundamental, Omnipresent, metaphysically manifested
Unconscious Awareness of
the Universe of Energy in Flow,
the Unus Mundus,
the Force,
the Fountain of Youth,
god,
into
semi-conscious awareness,
and then into
conscious awareness,
and then into
Omniphysical, Omneronautical Awareness,
over the course of not merely
years or decades or centuries of millenia,
but for epochs and eons and supereons
since the occurrence of the Big Bang Event
almost 14.8 billion years ago.

No Mandate could possibly be more significant.
