

I want to put on a Broadway show.

I want Broadway to be as wide as New York.

New York City.

New York State.

As wide and as vast and as open  
and as all-inclusive  
as what all media outlets can allow.

I want everybody involved.

As many Homo Sapiens as possible.

I want there to be Magic.

I want there to be Wonder.

I want there to be Astonishment.

I want there to be Discovery.

I want there to be Transformation.

I want there to be Transcendence.

I want there to be Unity.

I want there to be Excitement.

I want there to be Anticipation.

I want there to be Debate.

I want there to be Paranormality.

I want there to be Sublime Splendor.

I want there to be Harmony.

Information from Subliminet

CAN DELIVER

on all these points,  
and more.

But will there be?

I do not know.

All I can do is try.

All I can do is give all I can.

I have to start somewhere.

This is where I start.

This is how I start.

Here.

At the beginning.

Now.

Today.

You, and this introduction to  
two flowstreams of Priceless Information,  
and more.

And all I want in return,  
is to remain anonymous throughout,  
for you to protect my identity  
until my  
Artistic Performance  
arrives at an eventual conclusion.

Information.  
Priceless Information.  
Not the Informant.  
Know not the Informant.  
Judge not Information within the context of the Informant.  
The Informant is not the message.  
Information is the message.

Yes,  
you will indeed discover that,  
in more than several ways,  
Information from Subliminet,  
is indeed, statistically, a Naturally Born Synchronologist,  
and that statistically, Information from Subliminet,  
is indeed, a Paranormal Synchronologist.  
I am merely an example of what is possible,  
when Information is available.  
I am merely someone who had an opportunity to discover  
a kinaesthetic activity that,  
if perfected,  
and if practiced within the perfect environment,  
would allow an individual an opportunity to  
experience experiences never before experienced.  
The perfect kinaesthetic activity within the perfect environment  
is Priceless Information.  
The Informant is not Priceless.

Yes,  
I have proclaimed  
Information from Subliminet  
to be the indisputable  
Most Interesting Person In The World,  
but that was only to draw attention to  
the Priceless Information I from Subliminet is publishing.

Does I from Subliminet qualify for the title  
Most Interesting Person In The World?

Only if Information from Subliminet is Priceless.

If Information from Subliminet is truly Priceless,  
I from Subliminet must be statistically determined to be  
a Naturally Born Synchronologist.

If Information from Subliminet is truly Priceless,  
I from Subliminet must be statistically determined to be  
a Paranormal Synchronologist.

If Information from Subliminet is truly Priceless,  
Homo Sapiens Mastering and Controlling  
Meditixation within Spaceways Unlimited  
truly transform into  
Omneronauts.

If Information from Subliminet is truly Priceless,  
Homo Sapiens Mastering and Controlling  
Meditixation within Spaceways Unlimited  
truly metaphysically unify with  
the Omnipresent, metaphysically manifested  
Unconscious Awareness of the Universe of Energy in Flow,  
the Unus Mundus,  
the Force,  
god.

If Information from Subliminet is truly Priceless,  
Homo Sapiens Mastering and Controlling  
Meditixation within Spaceways Unlimited  
truly discover, evolve and enact  
a unique Superpower.

Therefore,  
it would matter not whether I from Subliminet  
were the MIPITW or not,  
and it would matter not whether or not  
the Informant, I from Subliminet, were Priceless.  
It would not, should not, must not matter  
because without the Information,  
the Informant is nothing.

Without the Informant the Information would remain Priceless.  
It is the Information that must withstand the tests of time,  
not the Informant.
