

This stack of printed paper contains
Priceless Information.

The current value of this
Priceless Information
is zero.

My name is Michael Sea™.

I am an Artist of Sublime Splendor.

For the past more than several years
I have been on a Quest to introduce
a new industry that I have entitled
“Meditixation within Spaceways Unlimited”.

The pursuit of this Quest
has brought me along a wide and varied array of what I call
INFORMATION FLOWSTREAMS.

To protect the intellectual property rights to this industry,
and the information I have cultivated into Priceless Information
I founded Subliminet Incorporated
which officially was created on
August 8, 2008, 080808,
in the State of New York.

Think of this document as
an artifact.

This currently valueless document contains an introduction to
Priceless Information
that has been divided into two separate platforms,
two separate flowstreams of Information,
a Petition and a Quest.

Together,
they form
the Sublimely Splendid
Quest To Inaugurate Spaceways Unlimited
Marketing Campaign™.

The first Information flowstream entitled
Quest To Inaugurate Spaceways Unlimited™
is the larger of the two

Information content-wise,
and will be accessible on GoFundMe,
and the Subliminet website.

The second Information flowstream is entitled
William Felt The Clandestine's Petition to Establish
Eternal Homo Sapien and Robotic Harmony™
and will appear on Change.org
and the Subliminet website.

This stack of paper represents
an introduction to my story,
my MYTH,
if you will.

Every line of text you read is
center justified
in a style I developed that I think of as
logical segmentation.

The Petition contains
four distinct but intertwined
Information flowstreams.

I) Introduction which precedes
the following intertwining three:

II) 7 historical documents in their original drafting:

1) Bill of Rights of the United States Constitution
(completed in 1789, ratified in 1791)

2) Declaration of the Rights of Man and of the Citizen
(1789; France)

The International Bill of Human Rights
which includes:

3) Universal Declaration of Human Rights
(1948, United Nations)

4) International Covenant on Civil and Political Rights (1966) and

5) International Covenant on Economic, Social and Cultural Rights (1966)

(The two covenants entered into force in 1976,

after a sufficient number of countries had ratified them.)

6) Council of Europe's
Convention for the Protection of
Human Rights and Fundamental Freedoms
Rome, 4.XI.1950

7) Charter of Fundamental Rights of the European Union

III) Subliminet's Proposals for Updates
of each of these 7 historical documents
that reflect a gender-neutral perspective.

IV) Subliminet's Amendments to
each of these 7 historical documents that
thoroughly address the relationship between
Homo Sapiens
and
Robots.
Automated machines.
Artificial intelligence.

This Information flowstream is intended to
protect the Civil Rights of all Homo Sapiens
in every aspect mentioned
by each of these 7 historical documents,
by establishing
Homo Sapien DOMINION over
all automated machinery and Robots,
across the World,
for centuries and millennia to come.

The first flowstream of Information,
Quest To Inaugurate Spaceways Unlimited™,
is a multifaceted Marketing Campaign
that is designed to introduce
as many Homo Sapiens as possible to
Meditixation within Spaceways Unlimited™,
over a 1-2 year period of time.

The Informant of this Priceless Information
is Subliminet's corporate avatar,
Information "I" from Subliminet™.
During this Marketing Campaign,
not only will I from Subliminet™ pursue
the actual opening of a Spaceways Unlimited™ exhibition,

I from Subliminet will also
publish Information that will
convincingly demonstrate that
I from Subliminet is
a Naturally Born Synchronologist™
that has evolved into
a Paranormal Synchronologist™
with Paranormal capabilities
as a result of not only
Mastering and Controlling
the Meditixation technique,
thereby transforming into
an Omneronaut™,
while within
a Spaceways Unlimited-like environment
for extended durations of both Time and Timelessness,
but also as a result of developing
an OMNIPHYSICAL understanding of
the Universe of Energy in Flow:

The Essence of the Universe is Energy,
the Nature of Energy is to FLOW.

A fundamental, innate, inherent, intrinsic
quality/property/characteristic/attribute of Energy
throughout the Universe,
the Universe of Energy in Flow,
is
UNCONSCIOUS AWARENESS.

An Omniphysical understanding of
the Universe of Energy in Flow
begins and ends with
the INCONTROVERTABLE CONCLUSION that
AWARENESS,
is fundamental,
as is Energy
and Flow.
Awareness,
not consciousness,
Unconscious Awareness,
and not the anthropocentric and misunderstood ASPECT of Awareness,
not the EVOLVED aspect of Awareness that is CONSCIOUS awareness,
Unconscious Awareness
that is fundamental and natural and innate and inherent and intrinsic.

The Universe of Energy in Flow is
Unconsciously Aware™.

The Unconscious Awareness of
the Universe of Energy in Flow is an
Omnipresent,
metaphysically manifested,
infinitely dense,
infinitely ranged,
boundless, endless, limitless,
ocean/field/medium of Energy,
of which,
within which
and from within which
Multiverses of Multiverses of Universes of Energy in Flow
dualistically manifest.
This metaphysically manifested
dimensionless dimension of
TIMELESSNESS
has been referred to in history as
the UNUS MUNDUS,
a term collaboratively popularized by the esteemed
Carl Gustav Jung and Wolfgang Pauli.

This incontrovertible Omniphysical conclusion
has enabled the Informant, I from Subliminet,
to cultivate information into Priceless Information
within the context of the research and development of

THEORY OF OMNIPHYSICS™,

which Subliminet contends
qualifies I from Subliminet for several
Nobel Prize, Pulitzer Prize and Ig Nobel Prize
considerations.

Subliminet also contends that
I from Subliminet is worthy of more than several
cash awards and prizes for
scientific evidence of
PARANORMAL
activity and capability.

I from Subliminet intends to have
an independent and impartial
STATISTICAL ANALYSIS
conducted on

not one, not two, not even three,
but four sets of documents.

The first set of documents entitled
My Confession
contains verifiable and irrefutable information
that clearly demonstrates and supports
I from Subliminet's claim that
I from Subliminet is
a Naturally Born Synchronologist.

The second, third, and fourth sets of documents are entitled
Paranormal Synchronicity Chain #2™, PSC #2,
Paranormal Synchronicity Chain #3™, PSC #3,
and Paranormal Synchronicity Chain #4™, PSC #4,
which contain verifiable and irrefutable information
that clearly demonstrates and supports
I from Subliminet's claim that
I from Subliminet is
a Paranormal Synchronologist.

I from Subliminet contends that
an Omniphysical understanding of
the Universe of Energy in Flow,
the Unus Mundus,
and transformation of
a Homo Sapien
into
an Omneronaut
as a result of Mastering and Controlling
the Meditixation technique while within Spaceways Unlimited,
will allow the Omneronaut an opportunity to
actually discover and perhaps even evolve
the capability to enact
a unique SUPERPOWER.
PSC #2, #3 and #4 are
I from Subliminet's
verifiable and irrefutable evidence that
I from Subliminet's evolved Superpower
is Paranormal Synchronology™.

Subliminet also contends that
a U.S. Copyright registered GUIDEBOOK
authored by
I from Subliminet

completely and thoroughly documents
an optimized Meditixation™ session
within
an optimally constructed Spaceway Unlimited™,
as well as
the discovery and evolution of
a unique Superpower
that perhaps any Homo Sapien
is capable of Mastering and Controlling,
once entirely transformed into
an Omneronaut,
while Meditixing within Spaceways Unlimited.

The Sublimely Splendid
Quest To Inaugurate Spaceways Unlimited
Marketing Campaign™,
therefore,
serves to demonstrate that
biologically evolved Homo Sapiens
MUST maintain dominion over
Technology,
Automated Machinery,
Artificial Intelligence,
and Robots,
and that the GREATEST DIFFERENCE between
a silicon-based,
electronically circuited,
manufactured entity
and
a carbon-based,
chemically and biologically evolved,
organismic,
neuronal,
infinitely complex,
consciously and/or semi-consciously and/or unconsciously aware
Homo Sapien system of energy in flow,
is the ability of the Homo Sapien to
safely and successfully enact
the Meditixation technique within Spaceways Unlimited
over extended durations of both Time and Timelessness
and then to
transform into an Omneronaut,
thereby transcending both Time and Space,
and thusly METAPHYSICALLY UNIFYING with
the Omnipresent,
metaphysically manifested,

Unconscious Awareness of
the Universe of Energy in Flow,
the dimensionless dimension of Timelessness,
the infinitely dense,
infinitely ranged,
boundless, endless, limitless
ocean/field/medium of Energy
of which, within which and from within which
Multiverses of Multiverses of Universes of Energy flow,
the Unus Mundus,
and,
what some Homo Sapiens might initially think of as
the Force or the Matrix,
or even god.

Homo Sapiens are at the precipice of the dawning of a new age.
The time to address these issues
of Homo Sapien survival and evolution
is NOW.

If this planet is going to tip into the balance of
the Technological over the Biological,
then Homo Sapiens need to start
RIGHT NOW,
to confront
who we truly are,
where we truly are,
what we are truly capable of,
and what we will all soon be confronted with.
