

The following Information is an Artistic presentation  
designed to entertain those who choose to continue on  
and interact either directly or indirectly with  
the Information that will appear here,  
updated each and every day if possible,  
from 090617 until 122219,  
if not sooner.

I shall begin with a mere trickle of Information.

If you have not been here before,  
you need to start here at the beginning and catch up.

I shall begin with two trickles of Information.

Two flowstreams of Information.

Two flowstreams of Information  
seemingly flowing in opposite directions,  
but two flowstreams I can assure you  
that are flowing in exactly the same direction.  
The flowstream you shall encounter ahead  
is entitled  
Quest To Inaugurate Spaceways Unlimited,  
and the other,  
William Felt The Clandestine's Petition to Establish  
Eternal Homo Sapien and Robotic Harmony.  
Together,  
this Quest and Petition form  
the Sublimely Splendid  
Quest To Inaugurate Spaceways Unlimited  
Marketing Campaign.

Quest To Inaugurate Spaceways Unlimited  
is designed to  
introduce a new income generating industry,  
as well as to  
facilitate the orchestration of a 288 consecutive hour event  
at an as yet to be hired Convention Center  
to introduce this new industry  
which promises to inspire  
REVOLUTIONARILY EVOLUTIONARY CHANGE.

William Felt The Clandestine's Petition to Establish

Eternal Homo Sapien and Robotic Harmony  
is presented to inspire  
REVOLUTIONARILY EVOLUTIONARY CHANGE.  
The Petition seeks as many Homo Sapien signatures as possible  
to inspire revolutionarily evolutionary change  
that will establish and ensure  
Homo Sapien dominion over all Robots  
for centuries if not millennia to come.

As each day flows by  
I will endeavor to add new Information  
to each flowstream.

At the outset,  
I intend to primarily focus new and current Information upon  
Quest To Inaugurate Spaceways Unlimited, QTISU,  
while Information within  
William Felt The Clandestine's Petition to Establish  
Eternal Homo Sapien and Robotic Harmony,  
will stand alone to be scrutinized and discussed  
from very nearly the beginning.

And so who am I?  
Who is it that will be sharing with you  
absolutely PRICELESS Information  
over the next 15 months or so?

I am I.  
I am INFORMATION.  
I am Information from SUBLIMINET.  
I am I from Subliminet™.
